

# Campsite Rules

## Thermal Camping Rules

*Complying with the Campsite rules is our common goal to ensure a relaxing stay for our guests!*

### Arrival, check-in and check-out

1. Each guest arriving at the campsite must check in personally before occupying their booked accommodation. If arrival occurs after Reception hours, check-in must be completed the following morning. Please hand over your photo ID to our staff for registration purposes: this is mandatory under current legislation, and we cannot make exceptions.
2. For citizens of countries outside the EEA (i.e., the European Union, Liechtenstein, Norway, Iceland, and Switzerland), the personal information set out in the relevant legislation (Act II of 2007 and Government Decree 114/2007 (24 May)) must be provided. The Campsite is obliged to forward this information to the appropriate immigration authorities.
3. **Plots (i.e. pitches for caravans, mobile homes and tents)** may be occupied from 12pm on the day of arrival. Mobile houses and apartments may be occupied from 3 pm on the same.
4. Checked-in **guests will be issued a wristband**, which they are obliged to wear during their stay at the Campsite, to facilitate access to the Campsite and to verify that they are authorised to stay on the territory of the Campsite. The loss or damage of the wristband will result in the payment of an extra fee.
5. Campsite staff and security service members may call upon those who do not wear the wristband to duly justify their stay. Failure to do so will result in all persons not wearing an armband being asked to leave the Campsite.
6. **Plots and apartments must be vacated by 11 am on the day of departure.** Guests may continue to use on-site services afterwards, but must leave the Campsite by 5 pm. On the day of departure, and following check-out, guests must remove their motor vehicles from the Campsite. Failure to do so will result in an Unauthorised Parking Fee being charged for each commenced day. The fee is set out in the Price List.

7. **The price of the services ordered (including accommodation and tourist tax) shall be paid on arrival and the price of the services intended to be used on the spot shall be paid in advance.**
8. Before leaving the Campsite, guests must check out at the Reception. Please note that the reception is not open 24/7.
9. Reception staff are authorised to designate where camping equipment and guests' vehicles may be located, depending on the occupancy and the available camping units.
10. Tent camping is only allowed in the designated area. The reception service may approve of changing the tent camping pitch or plot used.
11. In case of camping at a location other than the designated one or using additional plots, the security service or the Campsite Reception service is entitled to request the guest to occupy the designated area. Should a guest fail to comply with such a request, the Campsite will be authorised to ask the guest to leave and/or to charge the guest the price of additional occupancy as per the current Price List.
12. Late arrival: If you arrive at the campsite after the reception has closed, entry to the campsite is possible based on the information provided in advance.

## Vehicles

13. Guests arriving by vehicle **must check in at the Reception before entering the Campsite and can leave if they have settled their current payments.** The registered vehicle may stay in the Campsite area until 01:00 pm on the day of departure, which does not mean an exemption from leaving the accommodation. **Please note that if you leave the Campsite after this time, then you will be charged the Unauthorised Parking Fee as set out in the current Price List.** We regret that if the vehicle is removed from the Campsite on a different calendar day, the current plot price will also be charged for the relevant period.
14. We kindly ask our guests to park their **cars only in their own plots** or in the designated parking lots. The rules of KRESZ (Highway Code) apply in the Campsite area: **drunk driving is PROHIBITED**; driving a vehicle is allowed at a **maximum** speed of **10 km/h**.
15. In the event of unauthorized use of the plot by the vehicle for parking, the current daily base fee of the plot occupied must be paid as surcharge.
